The Library is open Wednesday's from 11:00 a.m. until 4:00 p.m., weather permitting.

There are now fifteen hundred books in the library. Thirty-two new books were bought in 1960. Twelve of these were youth books. There were 146 books given to us in 1960 also.

We purchased a set of the Golden Book Encyklopedia and Atlas, and the World Book Encyklopedia.

We were granted \$200.00 State Aid money with which to purchase children and youth books. About 75 books on New Hampshire, animals and world travel are now here.

The Bookmobile calls every two months and 400 of the Bookmobile books were loaned in 1960 to seventy patrons.

Shieling Trust Fund Books have been loaned to thirty patrons.

Mr. Hastings gave the library a much needed bookcase for the youth books.

We wish to thank all people for the help in transporting our books and librarian to and from the library—also the Homeland Circle for the dust covers for the new books.

REPORT OF THE SUPERINTENDENT

to the Sullivan School District

It is a pleasure to write my second annual report to the citizens of Sullivan as Superintendent of Schools.

We all want good schools but the increasing tax burden poses a difficult problem to all of us, as some say, the local taxation has been stretched to the limit. At the same time we all realize that the best in education is 'none too good' for the citizens of tomorrow if we are to maintain our democratic rights and freedom.

Although much has already been done in the past, the school must **work** conscientiously to maintain the best possible educational program for all youth as education is always a continual process in the fast moving world we live in today. The school of today cannot serve children effectively or satisfactorily unless we are willing to play an active role in the educational journey our children take through school.

Each year provides increased concrete evidence to indicate that pupils who graduate need to more adequately prepare themselves to meet the problems which they will encounter in every day living. These pupils of today will face new and complex problems, and it is my belief that the school system has the responsibility to see that our citizens of tomorrow are prepared to use the new tools, new methods of behavior, and to deal with new ideas and issues. Our children must be taught how to think in an independent and creative manner, and this is best achieved when the schools are wholesome places for learning and growth and where the surroundings are safe, clean, comfortable and attractive—we should be proud of our Sullivan school.

PAUL L. CLARK,
Superintendent of Schools
